

MASKING

Masking foam

JST 15-22 JOINT STOPPER

- The easiest and fastest way to mask door apertures and other vehicle gaps before primer application
- Seals and protects jambs from overspray
- No primer build-up on panel edges
- Precise fingertip adjustment
- Unique 8-shape, stays fixed during spraying
- Easy to remove, no glue
- Remove while the primer is still wet to obtain a soft feathered edge
- Reduces process times to a minimum
- Available sizes: 15mm x 35m & 22 mm x 25m

JST 15
15mm x 35m

JST 22
22mm x 25m
